SECARB 5th Annual Stakeholders' Briefing: Presentations Are Online!

The Southeast Regional Carbon Sequestration Partnership (SECARB) held its Fifth Annual Stakeholders' Briefing in Atlanta, Georgia, on March 9-10, 2010. We are pleased to announce that most of the presentations have been approved and are available online.

[Click here to view the presentations!](#)

(located under "PAST EVENTS" heading)

More than 100 individuals participated in the event, including technical experts from the region's key energy and technology providers, coal companies, universities, state and federal agencies, national laboratories, and non-profit organizations. For those of you where were unable to attend, we hope to see you next year!

The Southern States Energy Board extends a special thank you to the Research Team, Industry Associates, and our sponsors. Your hard work and continued support is critical to the success of the SECARB Program and greatly appreciated!

About Us

The Southern States Energy Board is an interstate compact comprised of governors and state legislators from sixteen southern states, Puerto Rico, and the U.S. Virgin Islands. SSEB's mission is to enhance economic development and the quality of life in the South through innovations in energy and environmental policies, programs, and technologies.

SECARB is a regional network of more than 100 stakeholders with a common goal of determining the best approaches for capturing and permanently storing gases that can contribute to global climate change.

SECARB is funded by the U.S. Department of Energy/National Energy Technology Laboratory with cost-sharing by SECARB partners.

Questions

If you have any questions, please contact:

Ms. Kimberly Sams
Assistant Director, Geoscience Programs
